HOW IT WORKS?

Searching:

Our team works closely with employers to better understand the company's business for provide a selection of qualified candidates best suited to client needs.

Screening:

We make face to face interviews and English language proficiency test before submitting a final candidate report to employers.

Selection:

We able to provide qualified candidates for junior, middle, and executive management positions across a wide range of professions from our extensive database.

Security:

Employer information is kept confidential and only reveals the identity of employers when it has established that a candidate is definitely interested in a specific vacancy.
